Dear Parent,

Your preschooler needs fun, games and adventure to develop his learning skills, personality and character.

The attached guest pass is my personal invitation to you and your child to experience a FREE week of my beginner's course for preschoolers. The martial arts prepares preschoolers for a life of learning and achieving with activities that boost self-confidence and self-esteem—all wrapped in the fun and games that preschoolers really enjoy.

I am proud that my martial arts school and its age-appropriate programs and specially trained and highly experienced instructors have been able to provide healthy, physical activity and classroom drills that teach discipline and focus to many three, four, five and six year olds in our community.

Martial arts training, especially the achievement of a Black Belt, can become a lifelong commitment that not only develops a better person, but also is a symbol to teachers, employers, colleagues and friends that this person is dedicated to excellence and has the warrior spirit to face and overcome every challenge.

My beginner's course for preschoolers could be your child's first step on a life path with more opportunities because he will be better prepared to excel, succeed and help others unselfishly.

Please call my school today to make an appointment and bring the attached guest pass for a FREE week of my beginner's course for preschoolers.

Sincerely,

Washington Celis, Master Instructor
